Lorena,

I just talked to Bill James, and explained the concept. He also worked w Alan on the one way street/diagonal parking plan that Alan showed us, so Bill has a good idea of the overall idea.

Bill is great, he's my architect on Port Town Brewing Co, and works at 9th & Mesa.

Cheers,

**Subject:** Looking for a CAD designer

Hello all,

In order to move forward with the sidewalk/street dining consideration, I'm actively looking for someone who can draw out some drawings I can add to the pilot program request.

Please email me any contact you may have.

Thank you.
